From first year to final year (and beyond), Career Services helps UNL students make informed career decisions, gain experience, and pursue their career or further education.

We look forward to providing career advising, programs, resources, and opportunities to connect with employers. We can help students:

**Explore Majors and Careers**

We help students identify majors and careers that best suit their interests, skills, and values. Meet with an advisor in the Explore Center or Career Services for assistance in choosing a major and career.

**Pursue Graduate School**

We assist students in clarifying interests, goals, and options for pursuing a graduate degree as well as assisting in the application process.

**Start the Job/Internship Search**

We provide information on finding job and internship opportunities, writing résumés and cover letters, networking, personal branding, interviewing, and more.

**Connect With Employers**

Whether searching for a part-time job, internship, or a full-time opportunity, we have resources to connect students with employers. Use Husker Hire Link (HHL), our free online resource where UNL students and alumni can connect with employers. Learn more: careers.unl.edu/hhl.
