Wireless Access at the Fair
For wireless access while attending the fairs, a visitor code will be provided when you arrive.

Interviewing After the Career Fairs
Interview schedules must be requested prior to the Career Fairs through Handshake. When logged-in, click on “Request an Interview” to submit your detailed interview requests. This must be done regardless of any spaces requested via your Career Fair registration.

Due to high demand for space on days following a career fair, these interviews will be held at individual tables in a large common room. If you have requested interview space through Handshake for a day following the career fair, your schedule will be available the morning of the career fair you are attending. You may add candidates to your schedule throughout the day.

Bringing Students to You
